MOST IMPORTANT THINGS TO KNOW ABOUT HOSPICE

Hospice services are driven by the patient.

Our menu of services allows YOU to choose what you would like, how often, when, and you can adjust those services as you see fit. You are in charge. Heart 'n Home understands that your time and energy is precious and our goal is to enhance your quality of life so that you are able to do what matters most to you.

Hospice manages multiple diagnoses.

Heart 'n Home services benefit people with advance illness, including heart disease, stroke, lung disease, liver disease, kidney disease, ALS, Alzheimer's disease, multiple sclerosis, cancer, etc.

Hospice comes to you.

Heart 'n Home brings services to you, wherever you call home. This could be a private residence, nursing home, assisted living community, etc. Studies show that 80% of Americans said their wish is to die at home. The services provided by hospice is what Americans want, yet 83% of them do not know about hospice care.

Hospice benefits the family, too.

The Heart 'n Home team addresses emotional and spiritual pain suffered by loved ones. Grief support for loved ones continues for more than a year after the death.

99%+ of hospice patients do not have any out-of-pocket expenses¹.

Medicare, Medicaid, and most private insurance plans cover hospice 100%, including home visits, medications, supplies and equipment related to the terminal diagnosis.
